COMMENTS FROM THE TOWN MANAGER'S OFFICE

There is a correction to be made regarding the Budget Committee. I stated previously that the Budget Committee was through meeting for this year. There is now going to be one more meeting this year, and it will be Saturday, February 27, at 7:30 p. m. at the Selectmen's office.

Plans and specifications have been prepared for a fire station or a fire station and community room, or a fire station and town offices. There are also articles in the warrant for town meeting covering each of the three above possibilities. Five building contractors have the plans and specifications for the three proposals and will submit bids that will be opened on Saturday morning, Feb. 27, at 10:30 a. m. at the selectmen's office.

The Budget Committee will meet Saturday evening to consider the bids on the three proposals and make recommendations for the town meeting. These three articles have a lot to do with a lot of people and groups of people in town. Members of the budget committee have requested that I invite all interested people in town to the Budget Committee meeting on Saturday night.

The town reports are ready and will be distributed to all post office box holders and all persons in town on the rural delivery. There are a few extra copies at the town office and anyone who doesn't get a town report in the mail can pick one up at the town office. Please bring your report to town meeting.

Michael Houlihan

FIRE STATION COMMITTEE TO SUBMIT REPORT

The committee appointed by the Board of Selectmen will be submitting, at the town meeting, the results of their several months of planning and the acquisition of costs. The committee has sought to carry out the mandate of planning with an overall plan which, in their opinion, meets the existing needs and makes provisions for future expansion to meet the needs of the future.

The proposals as they will be presented, will give the people an opportunity to exercise their judgement as to which portion or portions of the overall plan will be the wisest course of action this year.

The first of the proposals will be the construction of a fire house, with a wing to include the necessary space for town offices, as they now exist, with space available for almost immediate expansion if needed. The second floor of this wing is planned so that it will serve as storage at present, with provision made to install dormers and expand the office area to the second floor if necessary in the future.

The basement of this wing is planned to be accessible from the rear parking lot and serve as a Community Room with sanitary facilities and an area for the eventual construction of a food service facility. The accompanying drawings show how continued on page four

PUBLIC INVITED TO BUDGET COM. MEETING

Interested persons are invited to attend the meeting of the Bethel Budget Committee to be held at the selectmen's office Saturday evening, Feb. 27, at 7:30. To be discussed primarily is the question of fire station construction.

CHAMBER OF COMMERCE TO MEET TUESDAY

The Greater Bethel Chamber of Commerce will meet Tuesday, March 2, at the Locke Mills Town Hall. Supper at 6:30 put on by the Mt. Abram Fish and Game Association. John Tebbets will conduct a plant trip through the Ekeo-Tebbetts mill in Locke Mills. This should be a very interesting and informative meeting. The public is invited.

ZONING ORDINANCE HEARING—COMPREHENSIVE PLAN

(Note:—This supplements information given in the notice of the hearing which appeared in this paper under date of Feb. 11, 1965—page 5—column 2.) At the public hearing on Feb. 17th, several questions were raised with regard to mobile homes. It was explained at the hearing that additions to mobile homes are required to be products manufactured particularly for a given make or size of mobile home also, no fee is to be required for a permit for a person wishing to maintain, establish, station or park a mobile home for dwelling purposes. It would be required however that the mobile home owner get a permit from the building inspector. Moreover, the plans for additions or renovations would be discussed with, and be acceptable to the building inspector. These requirements are no different than the present requirements for conventional homes when additions or renovations are planned.

Before granting a permit the Building Inspector would require proof of adequate water supply, assured storm drainage, and safe sewage disposal, certified by the Town Health Officer in writing.

The proposed mobile home zoning ordinance is intended to give the mobile home owner the same protection, as well as similar responsibility, as the owner of a permanent type dwelling.

Comprehensive Plan: It was not expected that this plan would be discussed at the Zoning Ordinance Hearing, but several questions were asked regarding it. One question was "Why did the Planning Board recommend the appropriation of money for such a Plan for Bethel?" It was explained that the Board had deliberated on many occasions how best to look ahead, and plan wisely and well for the future. This has led to the conclusion that even interrelated individual townspeople, including those with time to give to town activities do not continued on page four

SELECTMEN RECEIVE LETTER REGARDING FUTURE OF GOULD

Norman I. Greig, chairman of the Board of Selectmen, has announced to the Bethel Citizen that he had received a letter from Sidney W. Davidson, President of the Board of Trustees of Gould Academy relating to the future of Gould. The letter reads as follows: (draft of February 10, 1965)

Gould Academy Bethel, Maine

February 18, 1965

Mr. Norman I. Greig, Chairman Board of Selectmen Bethel, Maine

Dear Mr. Greig: A Planning and Development Committee of the trustees of Gould has for some time been studying the future of the Academy. It consists of Messrs. Dexter Stowell, William M. Throop, Jr., Edmond J. Vachon, and myself. Our Committee has had informal conversations with a number of educators and others concerned with education in the State of Maine, including Dr. Lloyd H. Elliott, President of the University of Maine, and several trustees of the University.

As you undoubtedly know, the University is faced with the problem of accommodating unprecedented numbers of desiring Maine applicants seeking a college education, and responsible members of the Maine legislature have recently indicated their view that the facilities of the University must be greatly enlarged. The trustees of Gould are eager to serve the Bethel area in the most effective manner. The University has expressed interest in establishing a branch in Bethel which would use the plant of Gould.

Such a development would of necessity require the construction of new facilities for the secondary education of students in the Bethel area. We believe the idea is worthy of the most serious consideration for the following reasons among others:

(1) The location of a branch of the University in Bethel would provide the area with opportunities for advanced education which are not now available.

(2) Such a branch should have significant economic benefits to the Bethel area.

(3) The development of a School Administrative District to serve the Bethel area would provide better education facilities than are now available for many students.

(4) A School Administrative District serving the Bethel area would qualify for State operating and construction subsidies for elementary and secondary schools which are not now obtainable.

(5) Legislators have recently proposed that School Administrative Districts be made mandatory throughout the state by 1970, and that a Legislative Committee be appointed to draw continued on page five

Budget Recommendations Down \$840.00

The 1965 Bethel appropriations as recommended by the Budget Committee is \$254,567, a decrease of \$840 under 1964. Last year the committee estimated that the recommendations of the Budget Committee would keep the tax rate at a 41 mill rate. One mill was dropped from the rate last year and the final mill rate for 1964 was 40 mills. It seemed to the committee that the mill rate for 1965 should not go over the 40 mill rate of last year provided the recommendations of the committee are followed.

The Budget Committee presents a comparison table of the 1964 appropriations, the 1965 budget requests, the 1965 Budget Committee recommendations and net change in individual accounts, as follows:

The Budget Committee expects the reasons for changes in recommendations in the various articles, as follows:

The Miscellaneous Account was increased last year due to extra elections and extra pay for ballot clerks, and for a new adding machine. Increased expenditures for 1965 will be for police equipment, manager's expenses, and surveying of town lands.

The increase in Officers' Salaries is for normal pay increases.

The \$700.00 extra for the Night Watchman is to pay for a replacement for the night of-

Art. 54. To see if the town will vote to amend the Zoning Ordinances of the Town of Bethel as accepted on September 6, 1938, by amending paragraph 9 of Section II, Residential Farming Zones and Uses, reading:

Advertising signs pertaining to the lease, sale, or use of a lot or building on which they are placed, provided, however, that such signs shall not be larger than 12 square feet in area to read:

Advertising signs not over 12 square feet in area advertising the sale, lease or use of the property on which located, providing however that business signs not over 100 square feet in area may be permitted in accordance with the State Highway Law in the following areas:

Route 2.—From eastern boundary of Lot 193A, Map U-7 (Alden Barker property), west to western boundary of Lot 22, Map U-7 (Arthur and David Head property), and west from the eastern boundary of Lot 35, Map R-2 (Ralph Burris property), to Town Line.

Route 2 and 26.—From western boundary of Lot 13, Map R-6 (Heirs of Paul Thurston Property), east to Town Line.

Route 26.—From Alden Brook south to Town Line.

Art. 55. To see if the town will vote to amend the Zoning Ordinances of the Town of Bethel as accepted on September 6, 1938, by amending Section 19, Industrial Zones and Uses, by the addition of the following paragraph at the end of the present section:

Signs advertising goods or services shall not exceed 100 square feet in area nor be higher than the buildings on the premises on which they are erected or if free standing, higher than 20 feet.

Art. 56. To see if the town will vote to amend the Zoning Ordinances of the Town of Bethel as accepted on September 6, 1938, by amending Section VIIA, Individual Mobile Homes, reading as follows:

1. Any person wishing to maintain, establish, station or

park a mobilehome for dwelling purposes elsewhere than in a Mobilehome park shall apply to the Building Inspector on a form furnished by him to do so.

2. Permit Requirements. Before granting any permit applied for under the preceding paragraph, the Building Inspector shall require proof of adequate water supply, assured storm drainage, and safe sewage disposal, duly certified by the Town Health Officer in writing.

3. Restrictions. (a) When parked each individual mobilehome shall be so placed as to conform with land area, yard space and other zoning regulations applicable to dwellings in the zoning district in which such mobilehome is then located. (b) No cabana, awning or other structural additions shall be attached to a mobilehome unless plans for same have been approved by the Building Inspector.

Art. 57. To see if the town will vote to amend the Zoning Ordinance of the Town of Bethel as accepted on September 6, 1938 by readopting (reaccepting) the original Zoning Ordinance as accepted September 6, 1938, together with all revisions subsequent thereto including those accepted at this Town Meeting.

Art. 58. To see if the town will vote to adopt the following ordinance:

It shall be unlawful for any person, male or female, under the age of seventeen years, to be on the streets, sidewalks, public ways, or other public places in the town after nine o'clock in the evening during the school year or after ten o'clock in the evening during the summer school vacation unless accompanied by a parent, guardian or other adult having control of such person. This provision shall not apply to a person who is returning directly to his house from school, contest, dance or other function or a public event or entertainment to which persons of such age are admitted.

Persons in violation of this ordinance shall be considered juvenile offenders and shall be dealt with as such according to the laws of Maine and may be punished by a fine not to exceed twenty dollars (\$20).

Art. 59. To see what sum of money the town will vote to raise and appropriate for utilities and maintenance of the town garage.

Budget Comm. recommends \$2,000 from surplus.

Art. 60. To see what sum of money the town will vote to raise and appropriate to be paid to the Bethel Area Development Corporation. The money will supplement the amount paid by the B. A. D. C. and will be used to have Bethel represented in the promotional book being prepared by the Oxford County Economic Development Committee.

Budget Comm. recommends \$100 from surplus.

Art. 61. To see if the town will vote to have a street light installed at the junction of Route 26 and the Middle Intervale Road.

Richard Marston, N. E. U., Boston, is enjoying a few days vacation at his home on New-ton Street.

A newly formed boys club, known as "Knights of King Arthur," has been formed for boys 8 to 15 years. They meet each Wednesday evening at the Youth Center building with Roger Mills Sr. as leader assisted by three councillors, David Hutchins, Roger Mills III and Howard Perkins. This organization was a national order over 35 years ago and a group of boys of that time had a unit in town. This group will have the old Koka Flag and other written material used at that time.

UPTON

— Mrs. C. A. Judkins, Cor. —

Mr. and Mrs. Fred S. Judkins, accompanied by Mr. and Mrs. C. A. Judkins of Upton and Miss Patricia Judkins of Rumford Point went to Abbott Village on Sunday, Feb. 21st, where Fred S. Judkins II was united in marriage to Miss Judith E. Brown of Monson. There were about 75 people attending the wedding in the little white church, followed by a reception and picture-taking. Faith Abbott of East Sumner returned with them for a few days visit with her grandparents.

Fortunately the weather remained good, even though cloudy. On Monday and Tuesday this week there has been a high

wind and drifting of snow with temperature of 5 degrees below zero.

On Saturday evening, Mr. and Mrs. Horace Goodrum celebrated their wedding anniversary, with their married children and families from Berlin and Gorham, N. H., as guests.

Mr. and Mrs. Henry Tuominen and family of West Yarmouth, Mass., spent the week end at their camp on Blueberry Hill.

Kenneth Cyphers of Natick, Mass., spent the week end at his camp.

Mrs. Arline Bernier and family are home from Hanover during this week of school vacation, with her husband, Roland Bernier.

Roger Speer returned on Sun-

SUNDAY RIVER

— Mrs. R. M. Fleet, Cor. —

Elden Yates came home from school with the measles.

Mrs. Jeannine Fleet was on

day from Detroit, Maine, where he spent his four days of vacation.

S-Sgt. Earl Largesse of Westover AFB, is on leave with his family.

CARD OF THANKS

The family of James E. Bulger wishes to express their heartfelt thanks for the kind expressions of sympathy from all their friends and neighbors, during their recent bereavement.

Mr. & Mrs. Dale Thurston

a business trip to Bear River for dog tags.

There are a couple of robins along the brook in this neighborhood and they sing very happily on the sunny days.

William Spinney is home from Togus and called on Jack Madison, Friday.

Mr. and Mrs. Archie Young and Ricky were at Mount Sugar Loaf, Feb. 14.

The music committee is planning a congregational hymn sign for the near future. The details will be announced later.

HOW TO CUT HEAT COSTS
5 tips that can help you get more warmth from your heating oil dollar
1. Keep your oil burner clean and properly adjusted. And use today's Shell Heating Oil. It contains a special additive called FOA-EX. This additive helps keep critical burner passages free from clogging—assures better firing.
2. Set your thermostat back when you go to bed at night—saves significantly on your heating oil bill.
3. Be sure your burner has sufficient air. Oil needs lots of air to burn properly. Don't block off air supply to burner. Don't allow dust and lint to accumulate on air intake openings.
4. Don't block hot air vents or cold air return ducts with furniture.
5. Stop air leaks around poorly fitted windows by using weatherstripping or storm windows.

THE AMERICAN LEGION AUXILIARY
The American Legion Auxiliary held their Feb. 23 meeting at the Legion Hall. Eleven members were present. President Edith Smith gave a report on the County Council meeting held at Locke Mills on Feb. 16. For old business it was urged that letters be written to the V. A. Hospital stressing why the hospital should be kept at Togus. For new business it was voted to make a donation to the Webster fund, also to the Cerebral Palsy and the Cancer funds. It was also voted to have the benches in the Legion Hall reupholstered. The Citizenship Award to outstanding eighth graders was discussed. It was voted to hold a birthday supper March 9 to Legionnaires' wives and families.
The meeting was adjourned, followed by an Americanism program and refreshments.

FIRE STATION
from page one
These several areas have been planned.
The second proposal will give the alternative to construct the firehouse, with facilities (heat, electric-domestic hot water) of a capacity to supply the entire work. The wing to include the basement or foundation section only. The Community Room would be finished completely with the first floor deck to serve as a flat roof until such time as the community sees fit to complete the office wing.
The third proposal will be for the construction of the firehouse only but with the facilities of a capacity to serve the entire work at a later date.
The firehouse is to be of masonry construction to the ceiling line with the basement section of poured concrete and pre-stressed concrete to protect the area that presents the greatest fire hazard.
The ceiling and roof of the firehouse is to be of wood frame trusses, eliminating all columns, girders, etc. This construction to be protected by a fire retarding suspended ceiling.
The office area is to be of wood frame construction with the exception of the basement which is masonry. The front of the office wing and firehouse to be brick veneer.

YOUNG BETHEL MAN RECEIVES LETTER OF APPRECIATION
From: Commanding Officer, USS Thomas A. Edison (SSBN610) (blue), to Fuller, Stanley H., 491-43-82, STS2 (SS), USN.
Subject: Letter of Appreciation.
During five Blue Crew patrols of Edison, you ably assisted the Protestant Lay Leader. You have devoted much of your spare time to attending to details incident to Conducting Divine Services on Edison. In a large degree your work has been responsible for the success of the Protestant Worship Services on Edison.
While overseas you have also contributed your time to religious organizations in Scotland and by so doing, helped gain friends for our Navy and the United States.
As commanding officer I thus wish to express my appreciation for devotion of your time and talents to help your shipmates and for your efforts to assist in the people-to-people program. "Well Done Stan."
Signed: W. M. Adams, Jr. Commanding Officer of U. S. S. Thomas A. Edison (SSBN610)

20 SECONDS WITH THE NAZARENE
The art of living is the least learned of all arts. Man has learned the art of existing, of getting by somehow with the demands of life, of escaping into half answers; but he knows little about the art of living, about being able to walk up to life, with all its demands, humbly conscious that he has within him a mastery that is able to face this business of living with adequacy.

continued from page one
The \$100.00 in the Street Light Account is to be used for a street light at the junction of Route 26 and the Middle Intervale Road. The corner is dark and a light should help traffic conditions.

The extra \$500.00 in the sewer account will be used to construct extra manholes and to buy a diaphragm pump.

There is a \$1,000.00 decrease in both the Roads and Bridges Account and the Surfacing Account. This is offset by a new Garage Maintenance Account that will pay for the heat and utilities and minor improvements to the garage.

The case load for ADC plus stricter requirements by the State has reduced the amount needed for this program.

The school budget is up for 1965 but the amount required from the town is down nearly \$1,000.00. The town share is down because the schools will receive more from the State this year and had nearly \$5,000 unexpended in 1964.

The Mason Street Account has been closed out but a street reconstruction account has been set up for future street reconstruction. The street or streets to be rebuilt will be designated in a study to be made later.

The Social Security Account was overdrawn by \$150 last year so that additional amount will be needed to cover the program for 1965.

The Chamber of Commerce requested \$1,000 this year. The Budget Committee has recommended \$900 for the Chamber of Commerce. The Oxford County Economic Development Committee is putting out a book that promotes the whole county. The Bethel Area Development Committee is paying \$175 from the B. A. D. C. treasury to have Bethel represented. Another \$100 is needed for Bethel to be given a two-page spread so the Budget Committee is recommending \$100 for the B. A. D. C. to go with the \$175 of B. A. D. C. money.

The Dutch Elm problem was brought to the attention of most people in town last summer. The Budget Committee is recommending a shade tree and Dutch Elm committee to study the problem in Bethel. The

up a master plan of ideal districts.

We believe it would be desirable that representatives of the Town of Bethel and of the other towns affected by such a change consider the matter carefully and without delay. You might wish to appoint soon a committee of interested citizens to study the questions involved, and to confer with our committee. You will know best what the composition of such a committee might be, but it seems to us that it might include representatives of the School Boards and of the Selectmen of the towns involved, and perhaps a representative of the Greater Bethel Chamber of Commerce. It should perhaps be kept as small as may be practical.

The trustees of the University of Maine are under heavy pressure concerning its expansion plans. If a branch of the University is to be located in Bethel, I expect that the trustees of Gould must take action at their next regular meeting which will be their spring meeting on June 14, 1965. The University indicates that it would wish to commence classes there as of September 1, 1967. Meanwhile Gould would of course continue to operate.

Accordingly, the trustees of Gould hope that you will be able to let them have a memorandum expressing the views of

your Board of Selectmen and of any committee that you may appoint. This should be in hand as soon as convenient, and at all events well in advance of our meeting on June 14, 1965.

Sincerely yours,
Sidney W. Davidson,
President

Board of Trustees
Gould Academy

Mr. Greig stated that he had brought the letter to the attention of the Bethel School Committee which met on February 22 and that the Committee was considering it.

He commented that he also presented the letter to the Board of Selectmen at their meeting on February 21.

He added that he would appoint a committee at an early date to resolve the problem for the best interests of the communities involved.

The insect control and spray program is up \$135 because a stronger solution of D. D. T. will be used this year.

Interest is \$900 because some notes have been paid off and a favorable interest rate on short term notes.

The planning board requested \$3,125 for a comprehensive planning study. The money represents one-fourth the cost of the total program with the state and federal government paying the other 75%. This is a one year request that will not be made again if the money is approved this year. It should also be pointed out that the state and federal governments have no strings attached to the plan and the town is in no way obligated to them in the future.

The budget committee recommends the money for this plan. White pine blister rust is a program with different portions recurring every 10 years. The town share for 1965 is \$100.

mon, Ellis Davis, John Herst, and Alvah Hendrickson, Winn Buck is gaining but has been unable to return to work yet.

Bernice Davis is gaining. The family were in Boston over the week end to see her. Gayden Davis and oldest daughter, Edith Deegan, are still with her in Boston.

Mrs. Esther Davis and daughters, Lorraine and Patsy, also her son-in-law, Roger Tibbets, were in Livermore Sunday to see her mother, Mrs. Percy Brown, in honor of her 80th birthday. They took cake and ice cream to help celebrate her mother's natal day.

MAGALLOWAY

— Mrs. Bessie Harvey, Cor. —

Mrs. Sharon Lessard of Waterville, Maine, with her two sons, James and Jerry, left last week for France on a military transport plane from a New Jersey airport to join her husband, Sgt. Francis Lessard. She expects to stay there for two years. Mrs. Lessard is the daughter of Mrs. Dorothy Harvey Abbott of Fairfield, Maine, and the granddaughter of Mrs. Bessie Harvey.

By an oversight the residence of Mrs. Ruth Turner Fogg was not mentioned when the news item was put in. Mrs. Fogg who died on Feb. 3rd at the Stewarstown Hospital lived in Colebrook for several years but had lived in Magalloway and Wentworth Location for many years.

Some of the ladies in Wilson's Mills have formed a club and meet once a week at each other's homes.

The Wilson's Mills, Magalloway and Errol schools are all having a week's vacation.

Mrs. Florence Adams and Mrs. Elsie Littlehale had lunch with Mrs. Alice Harvey last Wednesday.

Mrs. Gladys Bennett of Wilson's Mills, who is spending the winter with her eldest son, Clinton, in Fort Wayne, Ind., wrote her sister, Mrs. Bessie Harvey, last week that her daughter-in-law, Mrs. Vernon Bennett, is very ill in the Lutheran Hospital in Fort Wayne. Mr. and Mrs. Vernon Bennett live in Huntington, Ind.

David Jr., Michael and Stephen Mooney are spending their school vacation in Litchfield with their maternal grandparents and aunt.

George Washington's birthday was a very bad day and the wind blew all night. The electricity was off and telephones were out during the night.

CARD OF THANKS

I wish to thank everyone most sincerely for the many, many cards, the flowers, the many visitors and the many kindnesses extended to my family while I was in the hospital and since I was discharged from the hospital.

PRESIDENT OF GOULD TRUSTEES ISSUES STATEMENT

Statement by Sidney W. Davidson, President of the Board of Trustees of Gould Academy: "My letter dated February 16, 1965, to Norman I. Gregg, Chairman of the Board of Selectmen, summarized the work of the Planning and Development Committee of Gould Academy during the past year or so. It is reprinted in full elsewhere with Mr. Gregg's comments. The letter outlines five of the reasons why the Planning and Development Committee believes that careful consideration should be given without delay to the proposal that the University of Maine establish a branch in Bethel which would use the plant of Gould. "The conversations between representatives of Gould and of the University of Maine followed an exhaustive study made by the Gould Planning and Development Committee during which the Committee reviewed the function of Gould. To assist them in their study the Committee retained Dr. Frank Parkman, Executive Secretary, retired, National Council Independent Schools, Boston, Massachusetts, who proved to be eminently qualified.

"A careful study was made of all the alternatives available to Gould. As a result of that study the Committee concluded that the operation of Gould as a private institution furnishing high school education had been rendered obsolete by policies adopted by education authorities in Maine — and indeed throughout the country — which foster the development of comprehensive schools serving large areas and supported by public funds. The Committee found no demand in the state for additional boarding school facilities.

"Accordingly the idea of converting Gould into a College strongly appealed to the Committee because of the great need in the State for additional educational facilities. As a result

SKI CABARET AT LOCKE MILLS SATURDAY

The Apres' Ski Cabaret will be held at the Locke Mills town hall for the benefit of the Mt. Abram Ski Club this coming Saturday, Feb. 27.

Blaine Mills, general chairman of the affair has an evening of fun and dancing all ready to go for those who attend. The program will include a style parade of ski apparel from the Ski Log ski shop and recitations of humorous poems by Roger Gates of South Paris. From 8 to 12 p. m. the air will be penetrated with melodious sounds of Charlie Heino and his Merry Group.

Leland and Sylvia Dunham guarantee some hot and cold refreshments to be on sale. There's to be a pink surprise prize awarded to the one with the best artistic talent. Details of this contest may be read upon entering the hall of fame.

Maine is hereby notifying each and all that an early reservation means a savings.

Gould has an opportunity to meet a pressing need in a significant and permanent manner.

"No final decision has been made by the Gould trustees. They will not vote upon the matter until the Town of Bethel has had an opportunity to consider it. The Gould Planning and Development Committee believes that the establishment of a branch of the University of Maine at Gould in Bethel would provide real advantages for the residents of the Town of Bethel and surrounding areas. The Board of Trustees of Gould Academy has informally indicated its approval of the proposal. They hope that the citizens of Bethel will concur in this conclusion."

CARD OF THANKS

I deeply appreciate the kind and thoughtful cards and messages received during my stay in the hospital. Thank you and God bless you.
